from Windows Update on metered Internet connections. You'll get a "Download" button you can click whenever you want to install updates.

Disables automatic downloading of app updates: The Windows Store won't automatically download

updates for your installed "Store apps" on metered connections, either. Desktop apps like Chrome, Firefox, and others will continue updating themselves normally.

Tiles may not update: Microsoft says that the live tiles on your Start menu or Start screen "may" stop
