- C. If they need a native currency for their chain network, they must use Ethereum currency with chaincode.
- D. Hyperledger Fabric does not support cryptocurrencies.
- E. Hyperledger Fabric can be integrated with any crypto currency by using the proper APIs.

Answer: B

Explanation:

Explanation/Reference:

Explanation:

If you really need a native currency for your chain network, you can develop your own native currency with chaincode. One common attribute of native currency is that some amount will get transacted (the chaincode defining that currency will get called) every time a transaction is processed on its chain.
